

Our Toronto office just opened in January of this year, and we are currently building up our team. Therefore we are looking for new colleagues who can contribute to expanding our office and serving our Canadian and North American clients. Did you recently graduate and do you have an affinity and interest in the financial market and IT? If so, please read further, because this could be the job for you.

Junior Consultant
Full-Time
Toronto

Job Description

As a Junior Consultant joining our team, you will be responsible for a wide range of activities including:

- performing problem analysis and translating the needs of clients to technical solutions
- managing the implementation of software and after the implementation phase, providing direct client support on an on-going basis
- participating in and contributing to product demonstrations
- advising and training clients on how to use their software
- if necessary, initiating and building new functionality

You will work primarily from our downtown office and occasionally on location at clients' respective offices.

Education, Experience and Skills

- a degree in a technical academic field (e.g. Information Technology, Mathematics, Physics, Finance & Economics) is a must
- strong interest in the financial world is an asset
- applied thinking skills and a hands-on approach
- interest in programming with prior experience is also considered an asset
- excellent social and communicative skills
- written and oral competence in English is required
- team player

About Our Company

Since 1981 Ortec Finance has been delivering technology and consultancy in the field of risk and return management, and within the last decade increasingly so on a global scale. Ortec Finance supports pension funds, insurers, asset managers, financial planners, housing associations and municipalities, among others, in making optimal financial decisions and monitoring the results thereof. We integrate our in-depth knowledge into our software models and combine these with professional consultancy services. Ortec Finance remains innovative due to its close ties with the academic world, supervisory agencies and professionals. Our main offices are located in Amsterdam and Rotterdam, with international offices in the United Kingdom, Switzerland and Canada

What do we offer?

We offer you a suitable job within a startup work environment in the heart of downtown Toronto. Ortec Finance gives you the chance to combine IT, mathematical models and specific market knowledge in your work.
